New City Manager Chosen for Evans

The City of Evans is pleased to announce the selection of Jim Becklenberg to serve as the next City Manager. The Evans City Council has completed a four-month's long search and interview process and selected Mr. Becklenberg from a national pool of candidates. The City and Mr. Becklenberg are in the process of finalizing an employment contract and anticipate approving their agreement at the City Council meeting on February 7, 2017.

Originally from Indiana, Becklenberg comes to Evans with more than 20 years' experience in city government. Becklenberg earned his Bachelor of Science in Public Affairs from Indiana University and a Master's of Public Administration from the University of Kansas. He has worked for cities in Colorado, California, Kansas, and Missouri and currently serves as Assistant City and County Manager for Broomfield, Colorado. Becklenberg and his wife, Heidi, have two children; a son, 13 years of age, and a 16-year-old daughter.

About his selection as City Manager, Becklenberg said, "I am very excited to become part of the Evans community and assist the City Council and the City organization in making Evans a great place to live, work, and play. The quality of the City staff and the projects and growth underway make it a tremendous opportunity."

Evans Heritage Day

Save the Date: September 16, 2017

The City is excited to announce the first-ever Evans Heritage Day! Borrowing some of the successful elements of its predecessor community event, Evansfest, Evans Heritage Day will begin with a pancake breakfast, followed by a parade, and continue to engage people throughout the day with fresh and unique activities and competitions. Evan's new signature fall event will be fun for the whole family, and a day you won't want to miss.

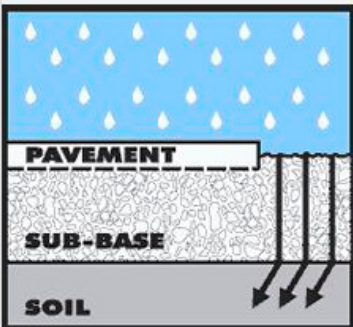

E-Commerce Safe Zone

The City of Evans now has a designated e-commerce safe zone at the Community Complex, 1100 37th Street. Residents can meet to exchange property in a public place where problems are less likely to occur. Unstaffed. Hours are 8 - 5, M - F. Look for the sign in the front parking lot on the Utility Payment Drop Box.

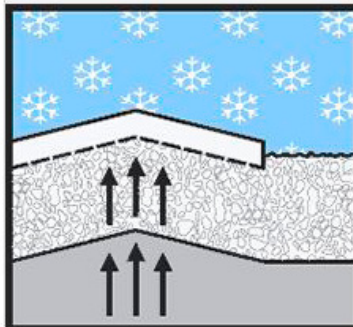

The Birth of a Pothole

Potholes can literally show up within 12 hours. A street that was a smooth ride can become pothole ridden overnight. With over 200 lane miles to maintain within the City, crews rely on our residents to help us identify when a pothole shows up. Please report potholes through our website at the link provided.

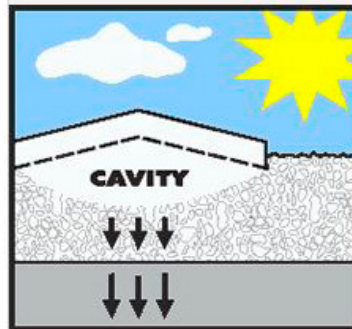

The Birth of a Pothole - Step 1
Potholes begin after snow or rain seeps into the soil below the road surface.

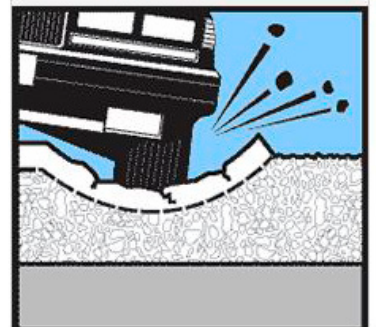

The Birth of a Pothole - Step 2
The moisture freezes when temperatures drop, causing the ground to expand and push the pavement up.

The Birth of a Pothole - Step 3
As the temperatures rise, the ground returns to normal level but the pavement often remains raised. This creates a gap between the pavement and the ground below it.

The Birth of a Pothole - Step 4
When vehicles drive over this cavity, the pavement surface cracks and falls into the hollow space leading to the birth of another pothole.
